

Phone EVV Guide - <https://acumenfiscalagent.zendesk.com/hc/en-us/articles/360038482512-Phone-EVV-Guide>

Real-Time Phone EVV Clock In

The process takes three to five minutes to complete.

- Employee arrives at the client's home to begin the shift.
 - All States Except WI & NC** Sign in: Call (855) 807-9595 from the client's landline to start the shift
 - WI & NC Only** Sign in: Call (844) 608-0047 from the client's landline to start the shift
- An automated voice will prompt for the **last four digits of the employee's social security number** on the landline keypad
- When prompted enter the employee's **four-digit PIN**
- When prompted enter the employee's **month and day of birth** (i.e., January 01 - enter 01 01)
- When prompted **press 1** for hourly services
- The system will read the name(s) of client associated with the landline phone number. **Press the number on the keypad associated with the client** (i.e., press 1 for John Smith).
- Press 1** for real time. The options will be to press 1 for hourly service or 2 for historical entries.
- Press the appropriate number** to confirm the service code (i.e., respite)
 - If more than one service code, the system will read all service codes available (i.e., press 1 for respite, press 2 for attendant care).
- Depending on program settings, the available balance may be announced. **Press 1** to continue.
- Select **clock in EVV location**
 - If required by the program, a selection must be made ("none" will not be an option). The system will provide numbered options for EVV locations associated with the client.
 - If the user is calling from the associated EVV phone number, this step will not be presented as the EVV location will be automatically selected.
 - If not required by the program, "none" will be an available option.
- Press 1** to save the entry and clock in
- The recording will read back the punch details and then disconnect

Real-Time Phone EVV Clock Out

The process for clocking out will be similar to the process for clocking in and takes three to five minutes to complete.

- At the end of the shift
 - All States Except WI & NC** Sign in: Call (855) 807-9595 from the client's landline to end the shift
 - WI & NC** Sign in: Call (844) 608-0047 from the client's landline to end the shift
- An automated voice will prompt for the **last four digits of the employee's social security number** on the landline keypad
- When prompted enter the employee's **four-digit PIN**
- When prompted enter the employee's **month and day of birth** (i.e., January 01 - enter 01 01)
- The system announces that there is an open punch. When prompted, **press 1** to confirm closing the punch.
- Select **clock out EVV location**
 - If required by the program, a selection must be made ("none" will not be an option). The system will provide numbered options for EVV locations associated with the client.
 - If the user is calling from the associated EVV phone number, this step will not be presented as the EVV location will be automatically selected.
 - If not required by the program, "none" will be an available option.
- If required by the program, the system will read each task/statement.
 - Select 1** if the task was completed or **2** if the task was not completed (e.g., Laundry, press 1 for yes and 2 for no).
 - Select at least one task/statement or the call will disconnect, and the process must be restarted.
- The punch is now closed, and the employee is clocked out. **Press 2** to disconnect or **1** to open a new punch.

Historical Phone EVV Entry

Historical entries are used for a missed punch or punch correction. **Historical phone EVV requires that the client or employer verify the historical time entry and they must be present at the end of the process.** Allow five to eight minutes to complete this process.

1. The employee will
 - a. **All States Except WI & NC** Sign in: Call (855) 807-9595 from the client's landline to enter the shift
 - b. **WI & NC** Sign in: Call (844) 608-0047 from the client's landline to enter the shift
 2. An automated voice will prompt for the **last four digits of the employee's social security number** on the landline keypad
 3. When prompted enter the employee's **four-digit PIN**
 4. When prompted enter the employee's **month and day of birth** (i.e., January 01 - enter 01 01)
 5. When prompted **press 1** for hourly services
 6. The system will read the name(s) of the client associated with the landline phone number. **Press the number on the keypad associated with the client** (e.g., press 1 for John Smith).
 7. **Press 2** for historical. The options will be to press 1 for hourly service or 2 for historical entries.
 8. **Press the appropriate number** to confirm the service code (e.g., respite)
 - a. If more than one service code, the system will read all service codes available (e.g., press 1 for respite, press 2 for attendant care).
 9. Depending on program settings, the available balance may be announced. **Press 1** to continue.
 10. **Enter Date of Service** in **MMDDYYYY** format (e.g., August 1, 2024, is 08012024)
 11. **Enter Clock-In Time** in **HHMM** format (e.g., 8:30 is 0830)
 - a. Press 1 for AM or 2 for PM
 12. **Enter Clock-Out Time** in **HHMM** format (e.g., 4:45 is 0445)
